Fr. Jimmichan Karthanam

Message

Assistant Manager

'A clear vision backed by definite plans gives us a tremendous feeling of confidence' - Brian Tracy. As we are moving relentlessly towards our vision of excellence, the BMCian chronicle brings before us the activities and achievements of the staff and students of the Bharata Mata family, that are in tune of our plans. Today we are living in a dynamic and complex society, which puts forth a lot of challenges as well as opportunities. With the right attitude and real education, every growing person can overcome the challenges and make use of the opportunities. Bharata Mata gives ample avenues to seek out the

higher level of knowledge and education. I would like to reiterate the fact; the true hallmark of education is, one by which character is formed, strength of mind is increased, intellect is expanded and the person is wholesomely empowered. I appreciate each and everyone whose effort made the month of August and September fruitful and meritorious, with the spirit-filled activities and prestigious achievements. Let us continue our journey joyfully and relentlessly in the service of our society, for God and for Country.

Dr. Sonia John

Zoology

Ph. D in Zoology from University of Kerala under the guidance of Capt. Dr. S. Santhosh, Asst Professor, NSS College Pandalam and co guidance of Dr. Prabhakumari C, Dy. Principal Scientist, CEPCI Research Institute Kollam. Topic: Molecular diversity and management of Red Flour Beetle, *Tribolium castaneum* from different warehouses in India

Details of Research Guides

Dr. Anu Philip

HoD & Assistant Professor
Department of Physics, BMC

Dr. Manesh Michael

Assistant Professor
Department of Physics, BMC

Research & Postgraduate Department of Physics

The postgraduate Department of Physics was upgraded to an approved research centre in Physics under Mahatma Gandhi University on 23/08/2022. The major areas of research include Material Science, Plasma Physics, Space Plasma, Astrophysics, Nano Materials, Biophysics etc. The department is supported by Star College Scheme of Department of Biotechnology, Government of India. There is a well-equipped instrumentation centre associated with the department and it includes major equipment's like FTIR Spectrometer, Zetasizer Nano, Spin Coater, Impedance Analyzer, 8 inch optical cassegrain Telescope etc.

Research Activities

The postgraduate and research department of Physics became an authorized research centre of Physics in 2022. The research centre is actively involved in dynamic research in Material Science, Plasma Physics, Space Plasma, and Astrophysics and in Nanomaterials. The department has received various grants from the funding agencies like UGC, KSCSTE etc. The research centre has been successful in publishing 87 publications in indexed journals in the past years. The department has conducted international conference (ICRAPs- International Conference on Recent Advances in Physical Science) in 2021 and conduct and workshops every year to facilitate research aptitude in our students.

MEMORANDUM OF UNDERSTANDING

Memorandum of Understanding (MOU) between Bharata Mata College, Kochi and Sankara College of Science and Commerce was signed on 11th day of October 2022

1. Purpose of this MOU is to build friendship and goodwill and to foster a relationship that will promote mutual intellectual exchanges between the students, faculty members and researchers of the BMC, Thrikakara, Kerala 682021 and SANSAC, Saravanampatti, Coimbatore, Tamil Nadu 641035.
2. In an effort to experience the lifelong learning process, the Parties agree to participate in a formal Exchange Program that seeks to promote academic interactions and research collaborations. It is the intent and desire of both the Institutions to continue to develop inter-disciplinary knowledge relations and intellectual growth through the exchange of people and ideas.
3. This Exchange Program encompasses, but it is not limited to, the promotion of :
 - a) Exchange of Faculty Members, Research Scholars and Students
 - b) Organization of Workshops / Seminars / Conferences
 - c) Other academic exchanges to which both institution may agree, such as
 - i. Faculty Development Programme (FDP)
 - ii. Joint publications
 - iii. Extension Activities
 - iv. Joint Research and Consultancy Projects

MEMORANDUM OF UNDERSTANDING

ICT Academy of Kerala PREMIUM MEMBERSHIP 2022-2023

Objectives : To Provide Various Skill Development Programs, Internships and Training on Latest Technologies in Association with leading Organizations Partnered with ICTAK

Date : 30.9.2022

Venue : CIAL Trade Center, Kochi

Bharata Mata College Thrikkakara is selected as one of the Premium Member of ICT Academy of Kerala for the academic year 2022 to 2023. This is a free membership allotted to selected colleges from Kerala. The certificate for premium membership was presented in the 6th International Conclave on Skills, Engineering and Technology (ICSET) held at CIAL Trade Centre on 30th September 2022

MEMORANDUM OF UNDERSTANDING

Bharata Mata College signed the MoU with AECC Global study Abroad Consultants on 22nd September 2022. The objective of this initiative is to provide Career counselling to final year UG students who are planning do to their PG in other countries like Canada, US, UK, Australia.,etc. It includes guidance for choosing the Universities, Course selection, application processing, Visa Counselling and related guidance required for the students to pursue their education.

Bharata Mata College, Kochi and Survey Sparrow, Kochi(a SaaS firm - located at Jyothirmaya, Office -1, Wing-1,Infopark-Phase II, Ernakulam) signed an MoU to establish a basis for the mutual understanding between the Company and the Institution in the areas of collaboration that are specifically proposed to conduct industrial visits, training, offering projects and internships in order to provide the students with necessary skills and trainings that will enable them to build successful careers in the future.

The Department of Mathematics, Bharata Mata College Thrikkakara organised an industry Interaction talk on 7th July 2021 at Audio Visual room. The session was handled by Ms. Latha R, Program Director and Talent Consultant, IBM Software India Labs. It was attended by 48 students from Mathematics Department and 11 students from Computer Science department. The program began at 11.30 am with Dr. Lakshmi C, Asst. Professor, Department of Mathematics, welcoming the audience. The session was presided by the Principal, Dr. K. M. Johnson who stressed the importance of such interactions for the upliftment of the students. As the speaker Ms. Latha R was out of town, she joined online through WebEx platform. She spoke about the importance of software industry and the skills required for a career in software industry. After the talk, she interacted with the students and clarified their doubts regarding a career in this field. She also provided the students with materials to work on for developing some easy software applications. The session was highly appreciated by the students who are aiming for a career in software industry.

The program concluded at 1pm with vote of thanks by Ms. Aleena P Saju, 5th semester BSc Mathematics student.

An Insight On Scientific Mentoring

Number of Participants 74

Malayalam

Date: 28/6/22

Mentors are those who teach or gives help and advice to students. As faculties the necessity for having strong mentoring capabilities is a primary skill which we should possess. All across the world mentoring programs are a part of their ever improving strategy. A strong bond as a mentor with the students could enhance their capabilities as well as reduce any risks related to the age and vibrancy. To take our mentoring approach to the best level, mentoring cell decided to conduct a webinar on the topic : 'An insight on Scientific mentoring', in association with IQAC . The webinar started with a prayer by Ms.Subha T at 2.00 p.m followed by a welcome address by the Coordinator of mentoring cell Dr.Liji Joseph .Presidential address was given by Principal Dr Johnson K.M.

Dr Fr Rajeev J Micheal is a leading psychotherapist and a core trainer across India. He has emance experience with Adolescence and youth. Along with him Dr Sr.Roshin Kunnel John who is an eminent psychotherapist and MCBT certified trainer was there to take up the session.

Dr Rajeev Michael spoke about the importance of Positive strokes a mentor should possess and how the communication between a mentor and mentee should happen. The session also emphasis on the concept of empathetic listening towards mentee.

Dr Roshin focused on the concept of mindfulness in day -to-day aspect and gave the mentors.

His presentation was knowledgeable and the sparkling viewpoints and keen words inspired the teachers. The seminar was remarkable and helped our teachers to understand the topic.

The session ended with answering question raised by the faculties. The programme concluded with the thank you note from Manju Malathy, Metoring cell member.

Industrial Interaction

Number of Participants 53

Physics

Date : 16-07-2022

The link between what we learn and what is happening in the real world may sometimes be fragmented. What is learned in schools and colleges may be different from what happens in the industry. To plug this gap, students must step out of their textbooks and discover means to acquire practical knowledge of what they learn.

It is with this objective in mind that the Post Graduate Department of Physics, Bharata Mata College, hosted an online Industrial Interaction. The event took place on July 16th, 2022 from 05:00 pm onwards via Google Meet. Mr. Deol Peter, product application engineer at KLA+ California, was the distinguished resource person for the event. The master of ceremony of the day Ms. Christina J Thattil hosted the event and ensured that the program went on smoothly. Invoking the presence of God, Ms. Jincy Justin rendered the prayer song. This was followed by the welcome address by Ms. Dilshana Sherin. The presidential address was delivered by Dr. Manesh Micheal, Assistant Professor Department of Physics, which was followed by the webinar session with the resource person Mr. Deol Peter. He spoke about the booming semiconductor industry of which he is a part. Starting with the history of

semiconductors, he brilliantly guided the students through the world of semiconductors. He spoke about how the industry originated, starting right from Thomas J Seeback's Seeback effect, through the development of the first computer, up to the multi-billion dollar industry that semiconductors have become. Each step of semiconductor manufacturing, testing, and launching was expounded clearly. He also explained the major role of physicists in this industry. Details about the latest iPhone chip, which his team developed, were also shared. The exhilarating session came to an end by 06:30 pm following which we had an interactive session with the resource person. Both students and teachers used the opportunity to improve their understanding of how chips work. Many opined that such sessions should be conducted more frequently in the future. Questions were asked by Dr. Anu Philip, Dr. Manesh Micheal, Mr. Augen Joe and Ms. Anjali Binu. This was followed by a brief felicitation by Dr. Anu Philip, Head of The Department of Physics. The vote of thanks was delivered by Ms. Fairoos Kilab and the program came to an end by 07:00 pm.

Industrial Visit

Number of Participants 48

Marketing

Date : 28/06/202,
30/06/202

Industrial visits are an essential part of the academic curriculum in most of the Graduate and Post-graduate courses. Being a part of interactive learning, such educational visits give students a major exposure to real working environments along with a practical perspective of a theoretical concept relevant to their domain. In addition to that, industrial visits bridge the widening gap between theoretical learning and practical exposure by giving students the first-hand exposure to identify the inputs and outputs for different business operations and processes performed at the workplace.

Intending to go beyond classroom learning, the industrial tours contribute a lot in holistic student development by letting students learn about the current trends in the market, the future scenario of the industry and the new technologies that are being applied in the industry.

Vermicompost Distribution in campus

Number of Participants 07

Botany

Date :22-08-2022

Vermicomposting a method by which we recycle organic wastes using to produce quality compost. Red earthworm (*Eisenia foetida*) is the preferred species of earthworm because of its high multiplication rate and thereby converts the organic matter into vermicompost within 45-50 days.

Earthworms consume biomass and excrete it in digested form called worm casts. The casts are rich in nutrients, growth promoting substances, beneficial soil micro flora and having properties of inhibiting pathogenic microbes.

The students of botany department (2019-2022 batch) successfully produced vermicompost in the campus and an inaugural packet was gladly given to the respected Manager, Rev. Fr. Dr. Abraham Oliapurath. The stable, fine granular organic manure thus obtained will be further utilized for manuring campus flora seedlings and crop production.

BBA

Date:12.08.2022

The government of India has organised several events under 'Azadi ka Amrit Mohatsav', with the theme 'Nation First, Always First'. The Central Government had started a 75-week countdown in March 2021 for celebrating the 75th anniversary of Independent India. They named it "Azadi ka Amrit Mahotsav" which will conclude next year on August 15, 2023. With the slogan 'Har Ghar Par Aayunga', it has been announced by the Prime Minister of our country that all the citizens of India will be able to hoist the flag of our country in their homes from August 13 to August 15.

a part of "Azadi Ka Amrit Mahotsav", the department of BBA (Bachelor of Business Administration) has conducted an intra - department patriotic solo song competition on 12th August 2022. The main objective of this competition is to know the importance of practicing patriotism. The act of patriotism and feeling patriotic are things that make for a stronger nation. Not only will you be able to relate well to others in your shared love for this country, but the more individuals who express their patriotic feelings, the stronger our country will be as a whole.

10 Participants registered from BBA 2nd and 3rd Year the patriotic solo competition was judged by Asst. Prof. Subha S of B com Marketing department and Asst. Prof. Bindhu Joseph of B com Computer Application.

As part of 75th Independence Day celebration and to commemorate the nationwide 'Azadi ka Amrit Mahotsav' programme, students and faculty members of Bharata Mata College, Thrikkakara under the leadership of BMC Campus Ministry, Dance and Music club in association with Jesus Fraternity, undertook a charitable visit to District Jail in Kakkannad on August 15th, 2022. 10 students along with Vice Principal and 4 faculty of the college visited the jail. Cultural programmes like, patriotic songs, dance, musical band performance were rendered to the inmates to remember the soldiers who spend their lives to serve the nation. The main objective of the visit was to expose students to the reality of the correctional environment and challenge incorrect stereotypes. An interaction was also arranged with the Jail superintendent on the organizational set up and history of the jail. Around one and a half hours was spent to convey the message of freedom and to rejuvenate the minds of 250 inmates who were temporarily deprived of liberty. The college expressed gratitude for the opportunity to reach out to the prisoners on a momentous occasion and it was truly an experience that cannot be recreated in the classroom.

Outreach Programme

Number of Participants 55

The students of the science departments of the Bharata Mata College on Saturday the 20th of August 2022 engaged themselves in a community outreach program, organized by Club beFORE ; to spend the day amongst the less fortunate people in our society, to recognize the challenges and hardships they face, to hear their problems and to be aware of their living situations.

The outreach session included interacting with people, listening to their day-to-day issues and conducting surveys that gathered details of their lives and challenges.

The students were divided into groups, and interacted with the people therein.

This opportunity was truly an eye opener in the words of several student feedbacks. It succeeded in cultivating a sense of social sensitivity and responsibility in students.

Physics

Date : 20/08/2022

On 20th August 2022, students from Bharata Matha College reached Vypin for a community outreach program organised by Club BeFORE. 27 students were present from physics model-2. The students divided into groups of 8 were given a ward each to cover.

The program started at 10:30 and the students went from house to house asking the residents questions about their health and welfare to fill out the questionnaire that was given to them. The residents of Vypin were awfully nice and welcoming. The group was accompanied by the respective ward member to show them around.

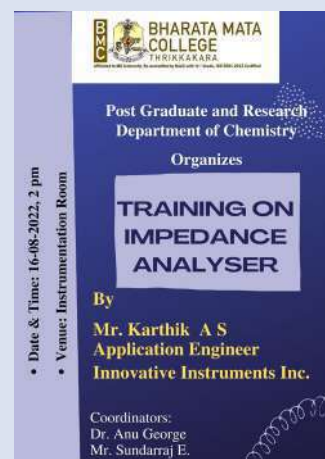

After hours of surveying and gallivanting the program finally reached an end at 1:30pm. Each group covered a minimum of 30 houses. For the students this was a rather unique experience. From talking and getting to know the real problems of the people gives one a sense of responsibility towards society at the same time be grateful for what you have.

Mathematics

Date : 15-08-2022

India's celebration of 75 years of independence from British rule has been nothing but grand. The government started a 75-week countdown from March 12, 2021, celebrating 'Azadi ka Amrit Mahotsav' to mark this day. To join this, Department of Mathematics, Bharata Mata College also organized several programmes.

The Independence Day was celebrated with great enthusiasm by all the students. The students cleaned their classrooms and decorated them with colourful balloons and colour papers. The programme commenced at 2.30 pm. The venue was second year classroom. All the teachers and students were welcomed with a small National flag. Ms. Aleena Muhammed Ali, a second year student sang the prayer song. The programme was anchored by Ms. Ann Mary M.M who also delivered the welcome speech. Dr. Lakshmi C, Assistant Professor, Department of Mathematics, delivered an Independence Day message. She also appreciated the students for conducting the programme. After that Jyothika K. Jayan, Aleena Muhammed Ali, Abdul Ahad A.C. and Anujith Raj sang a patriotic song.

Ann Mary gave a narration on freedom struggle of India and how India became Independent on 15 th August 1947. It was well explained by her. Students presented a video to visualize the entire freedom struggle of our nation. Finally the programme came to an end at 3 pm with national anthem. It was a day of immense pride and joy for all.

How to Procure Projects in Social Sciences

Number of Participants 42

FDP Cell

Date:21-09-2022

A talk on “How to Procure Projects in Social Sciences” was conducted by the FDP cell on 21st September 2022 at 4.30 pm. The resource person was Dr.Sindhu Joseph, Head of the Department, PG Department of Travel and Tourism Management, GPM Government College, Manjeswar. Dr. Sindhu Joseph had recently completed a project under the IMPRESS scheme of ICSSR and had also completed minor projects of ICSSR and UGC. The talk was conducted in the online mode and many faculty from the arts and the commerce stream participated in it. The programme was compered by Veenaa M Jayakumar, faculty in the Department of Economics.

Dr. Sindhu Joseph talked about the various international schemes available for a social science faculty, especially the projects funded by the World Bank and the UN. In the national scenario, she stressed about the funding given by UGC and ICSSR. She talked about her experiences and also detailed the points one has to take care while applying for a project. She spoke on the different environment related and multidisciplinary projects one can take up and detailed how to set the framework and the methodology to do it. She also talked about how the projects that one do will fashion the policies of the government and the satisfaction one derives from bringing about a policy change. A project prototype was also demonstrated and it was very useful.

Since ICSSR has called for projects now and since many young faculty are applying for it, the talk was inspirational and useful to them. The talk conducted in an interactive mode and the speaker answered all the doubts raised by the participants. The talk was organized by Dr.Litty Sebastian, the coordinator of the FDP Cell. The online meeting concluded at 6.00 pm.

Industrial Visit

Commerce

Date :27/6/22

Number of Participants 18

An Industrial visit to “KSE LIMITED “ was successfully organized by the Department of Commerce on Monday, 27-06-2022. Nineteen students and two faculties visited to KSE Ltd to understand how the production activity, technology works and also to acquire knowledge and experience. Students went to KSE Ltd in travelers. We left the campus by 8.15 an reached the venue at 10.00AM. They briefly explained about the process and operations undertaken by the plant. The Industrial visit enriched our knowledge and experience and also provided a great opportunity to learn practically through demonstration, interaction, exchange of information and employment practices which will help the students in their further career growth.
